

tiket Green Accommodation

t-mates, tiket.com is supporting the **Sustainable Tourism** program in which all the travel activities are focusing on the impact to environment, social, culture and economy in the present and future for local communities and tourists.

tiket Green is giving opportunities for you to actively participate in environmental preservation efforts and achieve Sustainable Tourism. With tiket Green, you can choose the **accommodations** committed to implementing tiket Green Sustainability Measures that are crafted in alignment with the **Global Sustainable Tourism Council (GSTC)** and the government's **Green Hotel Indonesia** standards.

The infographic is set against a background of green crumpled paper. At the top left, there is a lightbulb icon with a green leaf and a checkmark. The title 'tiket green Facts' is in a blue rounded rectangle. Below it, a dashed blue box contains statistics: a globe icon for '> 5.400 Worldwide' and a map of Indonesia for '> 700 Indonesia and Southeast Asia'. Below this box, text mentions popular destinations. The second section, 'Sustainable Measures', is in a yellow rounded rectangle. Below it, text states that these measures need to be applied by tiket Green accommodations. At the bottom, five circular icons represent the measures: Energy Efficiency (solar panels), Waste Reduction (recycling bin), Water Conservation (water drop), Community Engagement (group of people), and Supporting Local Economies (money jar).

tiket green Facts
